

APX Announcement

31 March 2008

Subject: ASIF Extension of Voluntary Suspension

On 25th March 2008, Austock Funds Management Limited (AFML), as responsible entity for the Australian Social Infrastructure Fund (ASIF) requested a voluntary suspension from quotation of the securities in ASIF (APX:PASIF) as a result of continuing discussions on the terms of several possible transactions involving the Australian Social Infrastructure Fund and the Api Fund (ASX:APR) including discussions with the bankers for the funds under the terms of their respective facility agreements.

AFML wishes to inform the market that significant progress has been made but more time is needed to finalize these matters. Therefore, the suspension is expected to last until Wednesday 2 April 2008. The Directors wish to thank the unitholders of ASIF for their patience and support.

Vin Harink
Chief Executive Officer
