## Funding

As at 31 December 2010 the Fund had total assets of \$115.6 million, borrowings of \$47.7 million and net assets of \$65.9 million. The Fund's gearing level (Borrowings to total asset value) is 41.3% and the Loan to Value ratio (LVR calculated as total borrowings to investment property value) is 54.2%.

During the period, net proceeds from the sales of a property of \$0.7 million and securities of \$1.5 million were applied to debt reduction and as a result the Fund's outstanding bank debt decreased from \$49.9 million to \$47.7 million.

The Fund is progressively selling its security portfolio, with proceeds to be used to further reduce debt.

The Fund's two year debt facility with the Australia and New Zealand Banking Corporation Limited (ANZ) commenced on 24 September 2010 and will expire on 24 September 2012. This debt facility replaced the previous facility with the National Australia Bank (NAB). The key commercial terms of the ANZ facility are as follows:

- Facility Limit:
  - \$49.9 million reduced to \$47.7 million on repayment of debt
  - The facility limit reduces in accordance with the mandatory repayment requirements
- Maximum Loan to Value Ratio (LVR):
  - Pre 30 June 2011 57.5%
  - Post 30 June 2011 52.5%
- Interest Cover Ratio:
  - Not to be less than 1.60 times EBIT adjusted for non-cash items
- Mandatory:
  - 100% of net proceeds from property sales and first \$6 million of proceeds from the sale of securities must be applied to debt reduction.

As at 31 December 2010, the Fund's LVR is 54.2%. In order to ensure that the Fund complies with its LVR covenant at 30 June 2011, the Fund intends to sell an appropriate amount of securities, the proceeds of which will be applied to debt reduction.

ASIF has 28,449,729 units on issue as at 31 December 2010.

## Subsequent Events

### *Impact of Recent Floods*

The Fund owns 39 properties in Queensland, all of which are childcare centres. Only one of the Fund's properties in Queensland, being the Jindalee Childcare Centre, has been identified as being severely affected by the floods. The site will remain closed until rectification works are complete. In addition, a small number of sites have been identified as having some water damage which is relatively minor in nature.

ASIF holds insurance cover for the effect of floods on its properties however at this point, it cannot be established if the total cost of the damage to the Jindalee Childcare Centre will fall within the policy limit. ASIF's properties in Victoria and New South Wales have been unaffected by the floods in those states.

*ASX Listing*

At a Unitholders Meeting held on 10 December 2010, Unitholders considered whether to defer the 6 March 2011 listing deadline for the Fund as prescribed in the Fund's Constitution. As the resolution to defer the listing date, was not passed by Unitholders and as set out in the Notice of Meeting dated 16 November 2010, the Fund is now proceeding with a compliance listing on the Australian Securities Exchange (ASX).

The Fund is expected to be listed on the ASX on 25 February 2011.

## 1. Statement of significant accounting policies

This general purpose interim financial report for the half-year reporting period ended 31 December 2010 has been prepared in accordance with the Australian Accounting Standard AASB 134: *Interim Financial Reporting* and the *Corporations Act 2001*.

This interim financial report does not include all notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with the annual report for the year ended 30 June 2010 and any public announcements made by the Fund during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The accounting policies adopted are consistent with those of the previous financial year and corresponding interim reporting period.

### Impact of standards issued but not yet applied by the Fund

In December 2009, the AASB issued AASB9 *Financial Instruments* which addresses the classification and measurement of financial assets. The standard is not applicable until 1 January 2013 but is available for early adoption. AASB 9 only permits the recognition of fair value gains and losses in other comprehensive income if they relate to equity investments that are not traded. Fair value gains and losses on available-for-sale debt investments, for example, will therefore have to be recognised directly in profit or loss. The Fund is not adopting AASB9 in these financial statements.

This includes the original acquisition costs together with capital expenditure since acquisition and either the latest independent valuation or latest independent update. Total acquisition costs include incidental costs of acquisition such as stamp duty and legal fees.

(b) An independent valuation of a property is carried out at least once every three years. Independent valuations are prepared using both the capitalisation of net income method and the discounting of future net cash flows to their present value. Capital expenditure since valuation includes purchases of sundry properties (and associated expenses such as stamp duty, legal fees etc) and capital expenditure in respect of completed projects which has taken place since or was not included in the latest valuation of the properties.

(c) Independent valuations for 21 properties of the 52 properties owned by the Fund were undertaken at 31 December 2010. The independent valuations were prepared using both the capitalisation of net income and direct comparison method which are consistent with the requirements of the relevant Accounting Standards. The net result of the valuations was an increase of \$1.5 million or 3.4%. Market yields adopted by the valuers ranged between 8.0% and 9.75%.

The Fund's two year debt facility with the Australia and New Zealand Banking Corporation Limited (ANZ) commenced on 24 September 2010 and will expire on 24 September 2012. This debt facility replaced the previous facility with the National Australia Bank (NAB). The key commercial terms of the ANZ facility are as follows:

  - The facility limit reduces in accordance with the mandatory repayment requirements

## **Independent auditor's review report to the members or unitholders of Australian Social Infrastructure Fund**

### **Report on the Half-Year Financial Report**

We have reviewed the accompanying half-year financial statements of the Australian Social Infrastructure Fund (the Fund), which comprise the balance sheet as at 31 December 2010, the statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, other selected explanatory notes and the directors' declaration.

#### *Directors' responsibility for the half-year financial report*

The directors of Austock Funds Management Limited (the Responsible Entity of the Fund) are responsible for the preparation and fair presentation of the half-year financial report in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001*. This responsibility includes establishing and maintaining internal control relevant to the preparation and fair presentation of the half-year financial report that is free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances.

#### *Auditor's responsibility*

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of an Interim Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the Fund's financial position as at 31 December 2010 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of the Fund, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. It also includes reading the other information included with the financial report to determine whether it contains any material inconsistencies with the financial report. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

While we considered the effectiveness of management's internal controls over financial reporting when determining the nature and extent of our procedures, our review was not designed to provide assurance on internal controls.

Our review did not involve an analysis of the prudence of business decisions made by directors or management.

*Independence*

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

*Conclusion*

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Australian Social Infrastructure Fund is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the Fund's financial position as at 31 December 2010 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and *Corporations Regulations 2001*.
